

RAYANNE  
HOUSE

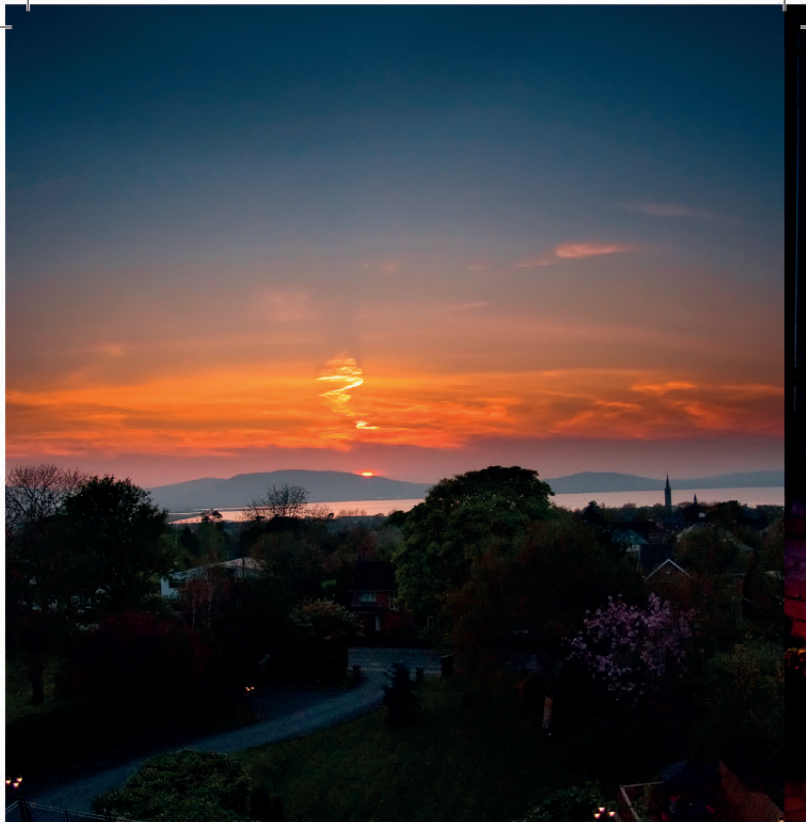

## *A Gastronomic Delight with a difference.*

Rayanne House is the only Exclusively Private Dining restaurant in the Belfast area. This perfect, period location offers private dining room and surrounds to create a unique culinary experience.

Chef Conor McClelland's 30-year experience has been gathered from a variety of world locations. From London to Germany and from France to New York, it's no surprise that Conor is renowned for his creative and imaginative menus.

Conor personally sources and prepares each dish thus ensuring the highest quality and consistency. His passion to create each delicious course of his seasonal menus is inspired by the abundance and quality of local produce. He is highly celebrated for the dynamic and subtle flavour journey he will take you on in one evening.

The opulent "Titanic Menu" is a recreation of the last dinner served to first class passengers on-board this iconic Belfast ship. This is truly an exceptional dining experience served in an historic property built in 1883 with views of Belfast Lough from where the Titanic sailed out.

Our service is professional, discreet and attentive. The Rayanne House experience is about relaxation, an atmosphere of intimacy and the pleasures of superior cuisine.

Exclusive, private dining can accommodate from 10 to 36 guests. As we place such emphasis on freshness and flavour, pre-ordering is essential for each party.
